The Civic Society was established in Abergavenny in 1966. We have undertaken a number of projects to improve and enhance the town. In recent years we have undertaken a 4 year long characterisation study of Abergavenny, improved the area of the Fairfield Car park with the addition of flower beds, and seating and new surface treatment to a disused trolley park. We have commissioned 3 murals in Bailey Park.

Giving Children and Young People the best possible start in life

Support for community wellbeing inc. volunteering and active citizenship

Supporting an economically thriving community

Protecting and enhancing our natural environment

b. Please give more detail on how your project will meet the objective you selected above.

We would like to encourage intergenerational volunteering to improve and maintain the beds by the new bus stop on the side of Tesco, Park Road.

- c. Total Project Cost £1500
- d. How much are you applying for from Abergavenny Town Council? £500
- e. Have you raised the balance of funds?
(25% of the total project costs should come from other sources) £500 Civic Society
£500 Rotary Club grant (applied for)
- f. Please specify how you will use the Town Council grant?

We want to purchase bulbs to plant in the beds and plant plugs. We want to donate the plugs to schools and youth organisations to bring on and eventually plant in the beds in time for Abergavenny in Bloom. We want to involve the wider community in caring for the town encouraging children, parents, and grandparents to engage in a project which will hopefully enable other groups to find new volunteers.

- g. How will your project benefit the community of Abergavenny?

Abergavenny has improved so much under the achievement and success of Abergavenny in Bloom. Giving the community some ownership of how the town presents engenders civic pride, contributes to well being and also has economic benefits.

- h. If your project involves working with young people does your organisation have a safeguarding policy?

Yes	No
	✓

- i. When will your project start and finish? January 2025.

- j. Are there any outstanding permissions i.e. planning permission required before this project can start? If so, please list together with expected dates when permission will be granted

The maintenance period for the management of the beds has expired. It is unlikely that MCC will take on the management. The Town Council has shouldered the burden of maintaining and improving the town environment. If it can't continue to do this, MCC permission would however, be required.
