Learn Conversational French

If you are interested in learning some basic French, or practicing what you already know, then there are two groups in Abergavenny Community Centre, Park Street, car park in Merthyr Road. The first meets at ten on Monday morning and is for relative beginners: a certain amount of teaching takes place to reinforce structures etc. The group meeting at eleven is for conversation. The classes are run by the half term of roughly six weeks. Theoretically the cost of the lessons depends on how many attend but in practice it comes out at £45 for a series of six.
